17 FEBRUARY 2022 ONWARDS

At 830 pm hours I telephoned BP Lenham and spoke with Chiran about my future with the Company. He said do you remember the last time we spoke what I said. I said that you said that you would ring me on the 17 or the 18th. He said that my sick note is going to last until the 17. You sent an email yesterday evening with confidential details. I said I do not know why the doctors are saying that I have paranoid schizophrenia and persistent delusional disorders. I am perfectly normal mentally. I asked the doctors for justification for what they say and they would not provide this to me. They would only write two lines, so I thought when I received the letter from the doctor at 4.00 pm yesterday that I should immediately bring it to your notice. I do not know what the law says about these things. He said that he will telephone me later and do a back to work interview. I asked what time should I be available for this interview. He asked if 12.00 be OK. I said that would be OK with me. Bye. The Call ended.

Update:

I telephoned Precision Organisation and spoke with Vika Alseikaite on 07494948305, saying I had a couple of missed calls on my phone and it seems to have been from you. She said that the Managing Director had tried to contact you. He will be able to telephone you in an hours time, would you be available. I said Yes. I will wait for his call. Bye. Call ended.

At 12.06 pm Mobile Phone rang, It was Chiran. The Back to Work Interview started. He asked whether I was well enough to return to work. I said I was 100 per cent fit, the doctor has said. He said we are only talking about your knee and feet injury. Are you taking any medications for it. I said I took Ibuprofen for the inflammation yesterday but today I have not taken it. He said do not record this conversation, that He was recording it. He asked whether I would like a phased return to work. I said No I would like to do my shifts as I used to 8 hours a day and I would be OK with 7.5 hours on the Till. He said because you are on probation you do not get paid for Company sickness absences during the probationary period. Your sick note was for one week from the 10 to the 17. I said that I went on selfcertified sickness from 2 till 9 February, then the doctore provided the Sick Note from 10-17 February. He then said that you must not send any emails to colleagues email addresses, if you have any issues you must phone the Store and speak to the Duty Manager and ask him to whom sick notes or other material should be sent. I said Vicky gave me her email address, I did not ask for it so I thought it was OK to send it. They were not responding to my telephone calls I spoke to Som and Ramesh and Chris etc. I will now delete their email addresses from my records. I do not want to send emails to anyone. He said when appropriate and comfortable you can arrange to send them to Line Manager. Regarding the Safety shoes I said I tried size 11 and then 12 but they were even heavier. So I bought Safety Shoes from Amazon and they were unsuitable and I resumed with the size 11 with insoles. He said you can purchase Safety shoes from anywhere such as Amazon and the Company will pay £30 towards it. He further said that any further sickness absences will result in the termination of employment and your probation will be extended by another 4 weeks. I replied that is fair. So your next shift he said is Saturday afternoon and I checked that the remaining shifts will be as on Reflixis 43 One. He confirmed. He ended by saying that a copy of this Action Plan will be given to you at my next shift. I said that will be Saturday at 2.00 pm, and the conversation interview ended at 12.30 pm.

Hello Shantanu,

Thank you for your email.

As per statutory guidelines, if you are absent for more than 7 days, you must provide a signed sicknote, from your GP, stating that you are not fit for work.

BP

I submitted my Sick Note to BP Lenham and Head Office for the period 10-17 February 2022 together with the Medications that are prescribed by me.

The GP Surgery has asked Dr Latif to provide a letter

(S.PanigrahiDiagnosisTreatmentbyDrLatif16Feb2022.docs) to clarify my mental health condition as Paranoid Schizophrenia and Persistent Delusional Disorders among other abnormalities of the brain/mind for the purpose of me having to extend my Sick Leave beyond 17 February 2022 and until such time that I receive medical clearance for mental and physical health to resume work. My knee and heel injuries are not 100 percent healed either.

Please let me know whether a formal Sick Note is required to cover me for Statutory Sick Pay from 18 February 2022 onwards.

Dear Katy Daley

1. The Care Plan that I received from Britton House Community Mental Health Team which Dr Farid Latif and before that Dr Savito Mwanche of Lond Catlis Road Surgery as attached:

MedCertDrWwanche29Nov2021, base on are on an outdated assessment of Dr Odesanya the Consultant Psychiatrist under whom I had assessments and recommended treatments for around two years as attached: CAREPLANDrOdesanya13September2021.pdf. I have not had a review of my mental health since then and so had to engage in the following discussions with the Store Manager Chiranjiv Rai of BP Lenham before your email came to me:

At 12.06 pm Mobile Phone rang, It was Chiran. The Back to Work Interview started. He asked whether I was well enough to return to work. I said I was 100 per cent fit, the doctor has said. He said we are only talking about your knee and feet injury. Are you taking any medications for it. I said I took Ibuprofen for the inflammation yesterday but today I have not taken it. He ended by saying that a copy of this Action Plan will be given to you at my next shift. I said that will be Saturday at 2.00 pm, and the conversation interview ended at 12.30 pm.

2. Dr Mwanche and Dr Latif have not signed me off sick on mental health grounds specifically and no further sick note will be necessary. This is what I will argue with the Court of Central London in Claim E35YM660 on which Appeal is pending to the 21 June 2021 Order of the Court as attached: CentralLondonCountyCourtOrder21June2021(DistrictJudgeLigjhtman).pdf.

3. I do hope that we can resolve this matter that is under long-term dispute out of court, even at this eleventh hour that the clock is ticking towards.

Yours sincerely

Dear Mr Panigrahi

Medway CMHT

Outpatient Clinic, Britton House – Medical review Date: 08.09.2021

Your working clinical diagnoses

Paranoid schizophrenia F20.0

Your current medications:

1. Risperidone 2 mg two times daily
2. Sertraline 150 mg once daily
3. Depakote 500 mg two times daily
4. Finasteride 5 mg once daily
5. Tamsulosin MR 400 mg once daily
6. Atorvastatin 20 mg once daily

Your treatment plan:

1. From this review there is no change in your presentation that warrants care in secondary mental health service. You reported feeling stable in your mental health, you do not feel suicidal or plan to harm yourself or others. Therefore, your care is discharged to your GP
2. I did not make any change to your medications and recommend you continue to take them as prescribed.

3. Please speak to your GP if you have concern about your mental health in future.
4. You are now discharged from Medway CMHT.

You, Mr Shantanu Panigrahi attended Britton House on the 8th of September 2021 for review of your mental health. You were seen in the presence of my colleague Cathy Hay, Operational Team Manager. You said your wife was unable to attend due to having a lot of work to do, that she was working from home.

Review update

Your care was discharged to your BP following review on 19.05.2021 when you reported feeling steady in your mental health. We received referral from your GP Dr Latif on the 23rd of June 2021 – you attended your GP practice with your wife with concern that your mental health was not improved, in fact, deteriorated. You were not finding mediations are working as you were still getting paranoid thoughts. Your wife was finding it difficult to cope with your delusional thoughts and felt very unsafe at home. You and your wife believe you should not be discharged this soon from Community Mental Health Services.

In your triage assessment and review on the 8th of July 2021, you talked about a court case against you for something to do with Boris Johnson and Teressa May. You had suicidal thoughts and talked to the Samaritans. You said that the court case was finished and you had to pay 4000 pounds in fine. You claimed you were not angry about the fine and said that you were okay it ended like that – you were happy you did not go to prison etc. You stated that your wife has a good job as civil servant and she wanted to ask for compensation, but you said that you do not want compensation. You were calm, cooperative and cheerful. Your delusions were reported not to be active and seemed “consolidated”.

Today, you reported feeling well in your mental health since you started to ignore the emails sent to you from people harassing you. You reported sleeping well and able to look after yourself. You said you take your medications “like clock work” and happy to continue to take them. You said you have now decided to stop looking for work as you are not able to do any work at the moment. I suggested you consider yourself as retired and try to enjoy your retirement. We talked about the reason you were referred back by your GP after your discharge in May 2021. You explained that you got a letter from the court requesting a pre-court assessment which you appealed. You said this made you angry because you believe the court and government services are in conspiracy with Greenwich university to steal money from you. They want to make you leave the country and go to India. You said you are not going to leave the country and you accepted that this country is a “Police state” and happy to live with this.

Regarding your mental state, you presented casually dressed and appeared well kempt. You made eye contact and engaged well in the review. Your speech was clear and coherent with no evidence of disorder of thought form. Your mood has been reported as stable and you were noted to be irritable talking about the letter you received from the legal team refraining you from sending emails to staff. You continue to express paranoid belief about conspiracy against you by the Government and others which has remained the same over time even with treatment with different antipsychotics. You were oriented to time, place and person. You do not believe you have mental disorder but have been compliant with taking medications.

Your mental health related risks

- . To self: You did not report feeling suicidal and no thought to harm yourself.
- . To others: You did not report any thought to harm others.
- . Other identified risks: None.

Your crisis contingency plan:

- . For Medical Advice – GP (or out-of-hours GP) should be contacted or you can try NHS Direct 111
- . Medway Community Mental Health Team, Duty Team – 0300 303 3189
- . Single Point of Access (Out of office hours) – 0300 222 0123

NHS

Dear Shantanu

Thank you for taking part in the COVID-19 infection survey run by the University of Oxford and the Office for National Statistics (ONS) in partnership with IQVIA.

If you are confused or worried about your test results, please see the information below and section "Your results and how they will be used" at <https://www.ons.gov.uk/cis>

The throat and nose swab taken on 15/02/2022 from the participant born on XX/08/1957 was negative for COVID-19 (no current infection).

Whatever your test results, if you develop COVID-19 symptoms now or in the future, it is very important that you follow the current guidance, particularly around isolation for you and your household. Do not wait for the results of any tests done in this survey. Your GP has not been told this result.

Every time you test positive for COVID-19 on a swab test in the survey, your national testing programme will contact you. You do not have to self-isolate every time you test positive on a nose and throat swab – please tell them that you are part of the ONS and University of Oxford COVID-19 Infection Survey and they will be able to give you the correct information about self-isolating.

As with all lab tests, the tests done in this study are not perfect, so both false-positives and false-negatives are possible. A false-positive result occurs when a test suggests someone has COVID-19 and/or antibodies when in fact they do not. A false-negative result occurs when a test suggests someone does not have COVID-19 and/or antibodies when in fact they do.

Important information:

Being positive on a throat and nose swab does not mean that you cannot get COVID-19 again or that you cannot pass on the virus to others. Working out how often this can happen is one of the reasons we are visiting the same people lots of times in the survey.

Even if you know you have had the virus, or you have been vaccinated, the only way to reduce the risk of becoming ill, or passing the disease on to others, is to follow the latest government advice on controlling the spread of the virus.

In particular, we know from studies testing the vaccines that although they work very well, they do not completely stop people getting the virus, or getting it again. We also know that some people can get the virus again even if they have antibodies. Please do not assume you cannot get COVID-19 again.

Further information about the survey is available on <https://www.ndm.ox.ac.uk/covid-19/covid-19-infection-survey> and <https://www.ons.gov.uk/cis>, together with a summary of the results to date on <https://www.ndm.ox.ac.uk/covid-19/covid-19-infection-survey/results>.

Yours sincerely,

The Covid-19 Infection Survey team

Note: throat and nose swabs are tested using a method called "PCR" at one of the national Lighthouse Laboratories where all the virus testing for the government is done. This test looks for parts of the genetic material of the virus.

Confidentiality
in Law and Order

The United Kingdom maintains itself as a steady economic and social boat under the principle of confidentiality, data protection and the right to privacy. I am in principle a conscientious objector to anything that hides the truth or at least I was until the moment that I became non-religious yesterday. I had lived to the assumption that truth is God and God is truth so truth will always prevail when one seeks justice, and when the State cannot yield justice it is because there is no Personal God to trust to the point that He or It as Truth will ensure that Truth prevails. It clearly does not from my personal struggle over the past twenty years.

So we have to do the right thing to win. This means no reliance on truth, only on duties and responsibilities otherwise known to be the fight to survive, not dharma.

So before it is too late for me confidentiality will be paramount in my calculations in the struggle ahead.

If you cannot beat them, join them.

Update:

What I wrote above was the outcome of a tiny ounce of frustration in me. I cannot abandon my truth path come what may. This has to be tested to its limits So I will go with Dharma and truth being the path to Dharma, as in sanatana dharma.

My bhakti and devotion to God cannot be blown away that easily. It is a lifetime journey that I embarked on 24 years ago.

Dharma Rakshati Rakshita has to be ascertained. I am the one to do it.

The satyavadaitic yoga will be resumed.

Dear Shantanu,

When Sue Gray published an update on her investigation into 'Partygate', we were waiting for answers as to how some of the most powerful people in the country would be held to account for breaking rules the rest of us stuck to. [1] We're still waiting...

For weeks we've been told by government minister after government minister to wait for the report, before they can answer any questions about what happened. [2] Now the Metropolitan Police have been asked not to publish photos that they are looking at as part of the investigations. [3]

Hiding some information and releasing others would be wrong. We know enough to say that rule-breaking happened on an awful scale in Downing Street - the people who asked us to make painful sacrifices by sticking to the rules were breaking them. We all deserve the full truth about what happened.

Shantanu, will you add your name to the open letter calling on the Prime Minister and the Cabinet Office to release the full Sue Gray report and any photos relating to the investigation? You can add your name with one click below, and for every 100 names we receive, we'll send them a notification.

YES, I'LL ADD MY NAME

Here's the full text of the open letter:

To: Number 10

We - the British public - made extraordinary sacrifices during lockdown. Many of us risked our lives on the frontline and many more were unable to say our final goodbyes to loved ones. While we stuck to the rules to help protect others, some of the people who wrote them - broke them.

For weeks we've been told by you and your ministers to 'wait for Sue Gray's report' to answer our questions - despite evidence of wrongdoing already being public.

We're still waiting.

For the sake of our democracy, publish the uncensored version of Sue Gray's report without delay.

Signed,

Thousands of members of the British public

YES, I'LL ADD MY NAME

Thanks for all you do,

Simma, Tom, Veronica, Jonathan, Ellie, Megan, Robin and the 38 Degrees team

This is an automatic email to confirm that your open letter signature on a 38 Degrees campaign has been registered. Below are some follow up actions you could take to help further the campaign.

Dear Shantanu,

Thank you for adding your name to the open letter.

The more people who get involved, the harder we'll be to ignore. Please can you share the campaign with your friends or family now?

If you're on social media you can share the campaign on Facebook or Twitter:

Facebook: <https://tinyurl.com/y6wgj3tt>

Twitter: <https://tinyurl.com/ydchqegk>

If you haven't already done so, I wanted to ask if you could consider setting up a regular donation with 38 Degrees, and chipping in just £1 or £2 a week. 38 Degrees has no big donors, no government funding. We're entirely funded by small donations made from members of the public - and those donations are what keep us going.

But with everything going on in the world, we need 4000 new people to step up and start a direct debit with 38 Degrees this month, if we're going to make sure we can start 2021 ready to run huge impactful campaigns on the issues we all care about.

So, Shantanu, will you set up a small weekly donation today? You can make a secure donation here:

The Energy Crisis Looming for the United Kingdom

in Science and Technology

It is best to forearm ourselves to tackle the Energy Crisis facing the United Kingdom in the years to come, with unreliable and diminishing supplies in importation of fossil fuels. One way we can do this is to start an industry to save energy and to this end I have started a petition at 38 Degrees inviting those concerned to sign the petition as a matter of urgency so that the government takes the necessary actions to try and ameliorate the shortages in energy supplies and the resulting cost of energy.

In my view this has to come from a new focus for an industry that will save energy in the nation as well as generate employment in a new way and create a better environment with reduced pollution from the burning of fossil fuels that we rely on. Nuclear power is an option but it has other types of dangers in terms of radioactive wastes.

So, I would like those concerned about the cost-of-living crisis that is inextricably linked to the energy factor to sign this petition to get the debate under way: More investment needed on micro solar and wind power and insulating homes | 38 Degrees

<https://you.38degrees.org.uk/petitions/more-investment-needed-on-micro-solar-and-wind-power-and-insulating-homes>

Thank you all for reading this and should anyone wish to talk about it your comments would be most welcome here. Be a part of the community of the United Kingdom. We should love our country and be loyal to Her Majesty for she has faced considerable hurdles in her illustrious servitude to the nation that celebrates her Platinum Jubilee this year. She tries her best and so we should try our best to give her something back as a reward for her sacrifices. Nothing would be better in this regard than showing her that we care for our country and are prepared to pool our intellectual resources together to make the United Kingdom a great country to be inhabiting in.

Should anyone wish to have a private conversation with me please email me on shantanupanigrahi@thenewclimateformankind.com.

More investment needed on micro solar and wind power and insulating homes

The government should subsidise individual householders into installing micro-solar and micro-wing power generation systems as well as better insulation of the walls and roofs during the construction of new houses and for modifying existing houses and other public buildings as a priority.

Why is this important?

We need all the people of the country of the United Kingdom to come together and start an industry urgently to address the energy crisis as set out above. This should be done through government subsidy and is a matter of priority. The government should redirect available funds to meet this energy crisis that is unfolding before our very eyes.

When did you last get the bus, Shantanu?

It might not have been that long ago - you might even be reading this email while sitting on a bus. If you depend on buses to get to work, vital hospital appointments or to see family and friends, you'll know that our bus network is at crisis point. [1]

You're unlikely to see it mentioned in the big newspapers or on the TV. And with MPs focused on parties in Downing Street and the cost of living crisis, it's not an issue getting much attention. But with emergency funding set to expire in April, almost a third of bus routes in England could be axed within weeks. [2]

It'll be another devastating blow for many communities. Local bus services have been left underfunded and ignored for years on end. [3] Put simply, thousands of us reading this email risk losing bus services that we rely on. [4]

But that's where we come in. When the 38 Degrees community comes together in our thousands, we know we can make a difference. From pay rises for NHS workers to protecting the BBC. [5] Now, we're launching a campaign to protect our local bus routes.

So, Shantanu, today we're asking you to join our campaign to put local buses back on the map – are you on board? Click the 'I'm in' button below to add your name to our buses campaign supporter list!

I'M IN

I'M NOT SUPPORTING THIS BECAUSE...

Right now, politicians aren't hearing from us about buses. Bus companies aren't facing much pressure to invest in services or keep vital, but unprofitable, routes open. [6] But we know millions of people depend on these routes every day.

That's how we can make a huge difference. We know we've got the people and, together, we can put buses back on the map!

We've got loads of ideas we'll be rolling out but right now, we know that:

MPs just aren't hearing from their constituents about buses enough – so we need to change that!

Some politicians have more influence than others – so we want to commission opinion polling to prove to them that the public backs investment in local buses.

38 Degrees can act faster than other organisations – we can react to breaking news and rapidly fundraise for impactful tactics. This could be crucial!

We're stronger when we work with others – so we're joining forces with other organisations to increase our impact.

So, Shantanu, what do you think? Will you help us raise the pressure on politicians, bus companies and anyone else we need to get the investment in buses we need?

Click the 'I'm in' button below to add your name to our buses campaign supporter list.

CURRICULUM VITAE

NAME: Shantanu Panigrahi
 ADDRESS: 3 Hoath Lane, Wigmore, Near Gillingham, Kent ME8 0SL,
 United Kingdom. Tel (01634) 379604.
 SPECIALISM: Environmental and Humanology Scientist
 .
 NATIONALITY: United Kingdom
 DATE OF BIRTH: 8 August 1957
 MARITAL STATUS: Wife, and a daughter (date of birth: 19-9-1990)

KEY EXPERTISE AND EXPERIENCE NATURAL RESOURCE MANAGEMENT

Development

- * Livestock production with particular reference to sustainable farming systems in tropical developing countries: specialism in livestock nutrition (ruminant and non-ruminant), livestock economics and environmental assessment.
- * Development of integrated concepts for agricultural development in different agro-climatic zones: eg oilseed-livestock, root crops-livestock, agroforestry-livestock and small grains-livestock.
- * Project planning, monitoring and evaluation in relation to adaptive animal feed technology transfer.
- * Collaborating with non-governmental organisations to encourage the uptake of research-generated technologies.
- * Advising organisations and personnel in developing countries on nutritional, toxicological and husbandry aspects of livestock production.
- * Analysing policy issues relating to economic, environmental and socio-cultural aspects of livestock production (one major study of urban livestock production in Eastern India).

Research

- * Extensive research on
 - Nutritional value of human foods.
 - Medicinal value of tropical plant products.
 - Nutritional and anti-nutritional principles in agricultural commodities for livestock.
 - Plane of nutrition appropriate for small-scale livestock production systems in the rural areas of developing countries.
 - Toxicological effects of environmental contaminants (including fungal, gaseous) and food and feed adulterants.
 - Diet modifications for reducing methane generation by dairy cows to reduce global warming.

Teaching and training

- * Training personnel from developing countries on animal nutrition, and bioassays for detecting environmental toxins. Teaching undergraduates.

QUALIFICATIONS (including membership of professional bodies)

BSc in Pharmacology, Chelsea College, University of London, 1978.

PhD (Thesis on an aspect of Tropical Poultry Nutrition), University of Reading, 1988.
 Post-Graduate Diploma (Distinction) in Agricultural Development, University of London, 1994.
 Certificate, in Livestock Development (Distinction), Wye College, University of London, 1995.
 Certificate, in Environmental Science (Distinction), Wye College, University of London, 1996. MSc in
 Agricultural Development Certificate decision awaited.

Formerly Assistant Editor and Member of the Council of Management of British Poultry Science Journal.

Formerly Member of World's Poultry Science Association and Member of Rural African Network for Poultry.

AWARDS

1974 - Prize for the best A-Level Field Course Notebook at Kingston College of Further Education (Study of Sea-shore and Freshwater Ecology at Bangor, Wales).

1977 - Full College Colours for Services to the Badminton Club of Chelsea College, University of London.

OVERSEAS EXPERIENCE

India. August 1997; Studying livestock-related activities in and around Calcutta for an MSc dissertation on 'urbanisation and its impact on livestock development in eastern India' -to be submitted to Wye College, University of London.

India. August 1997; Participating as an invited speaker in a Poultry Feed Management (Nutrition) Workshop organised by the American Soybean Association (Asia Subcontinent; New Delhi Office - email: asaasc@del2.vsnl.net.in) & Eastern Hatcheries Pvt. Ltd. (Bhubaneswar; Tel. 0674 40304) at Hotel Prachi Bhubaneswar, Orissa, on August 12 1997.

Cameroon - March 1997; implementing a project extension to the ODA-funded Project R5179.

Zimbabwe - November-December, 1996. Attending a seminar on Small-Scale Decentralised Agro-Industry held in Harare. Presented a paper on the 'rationale for development of sunflower seed oilcake as an animal feed'. Monitoring progress in Projects C0633 and O0053.

Cameroon - June 1996; project monitoring visit to evaluate project progress in the ODA-funded Project R5179.

Zimbabwe - January, 1996. Part of a three-member visit team developing a collaborative research project with Appropriate Technology International, and local institutions and NGOs on the use of

sunflowerseed cake produced from a rampress for dairy and poultry production (ODA Project Code O0053).

Zimbabwe - February 1996; arranging collaborative poultry feeding trials at Henderson Research Station, Mazowe, Zimbabwe, to test poultry rations designed for transfer to small-scale poultry producers in Zimbabwe in relation to Project C0633.

Cameroon - January-February 1995; conducting ODA-funded adaptive field research (Project Code R5179) to promote the utilisation of sweet potato and cassava root meal in poultry feeds through on-station and on-farm feed development and poultry feeding trials in the North-West Province highlands.

Zimbabwe - March 1995; examining Tinytech oil milling operations and sampling sunflower seed oilcakes for nutritional analysis at NRI in relation to Project C0633.

Zimbabwe - May 1994; reviewing developments in the oilseed sector, and developing a project proposal with the non-governmental organisation, the Intermediate Technology Development Group on the use of oilcakes generated by motorised small-scale oil mills for livestock production (Project Code C0633).

Kenya - March 1994; examining root crop development strategies in East Africa; visits to the International Potato Centre, University of Nairobi, Kenya Agricultural Research Institute, International Livestock Centre for Africa, and Agricultural Research Foundation.

Nigeria - February 1994; organising research project at NRI for a senior member of staff at the University of Agriculture, Abeokuta (under a Senior Carnegie Research Fellowship); organising a nine-month (June 1995-February 1996) World Bank-funded Research/Training Fellowship for another of this university's lecturer at NRI.

Cameroon - February 1994; prefeasibility study of farming systems in the western highlands of Cameroon in relation to the identification of a field site to conduct poultry feed development based on root crops.

India - November 1993; presenting a paper on 'cassava utilisation in poultry diets', at the International Symposium on Tropical Tuber Crops Research, at Central Tuber Crops Research Institute, Thiruvananthapuram. Also delivering a lecture on 'urbanisation and livestock development', at Utkal University, Bhubaneswar.

The Netherlands - September 1992; presenting a paper on 'copra cake and broiler behaviour', at the XIX World Poultry Congress, Amsterdam.

India - December 1991; Eastern India, studying peri-urban dairy production systems, storage and use of fibrous ruminant feeds, and monitoring the presence of aflatoxin M1 in milk from different production systems.

Belgium - April 1989; Brussels, negotiating a Commission of European Communities-funded contract.

India - March 1987; Madras Veterinary College, identifying areas of common interest for collaborative research. Orissa, studying rice cultivation and livestock production.

India - March 1985; Commercial firms in Calcutta. Examining seeds of *Cassia tora* and *Tamarindus indica* for research.

Update: Eunice storm was raging today and two of our conifer trees got toppled in the wind covering the drive so we could not drive out. I had an appointment at the Surgery for Electrocardiogram (ECG) which I telephoned to postpone until 4.30 pm on the 24th of February 2022.

Update: A stupid email came on getting my website to a higher ranking on Google etc that I deleted out of sight. Nothing came from Roopali or the Court or BP payroll or BP Chiran. I am all set. I am going into work tomorrow and obtain the latest information in terms of the Back to Work Report from Chiran and start working as he arranges. I am free finally. I do my job and maintain my existing websites.

Earlier this afternoon I had posted on Facebook

God is a very Personal thing, one cannot generalise God, but one can describe the truth that one encounters: hence the distinction between Truth and God.

This Book is terminated hence.
